For IE 6.0:

1. Click 'View Certificate' button on 'Security Alert' Window.
2. Click 'Install Certificat...' button on 'General' tab.
3. Click 'Next' on 'Certificate Import Wizard' to next step.
4. Select 'Certificate Store' option and click 'Next'.
5. Click 'Finish' button.
6. Click 'Yes' button on Security Warning Window.
7. Click 'Ok' to close all pop-up windows

For Firefox 2.0:

- Select 'Accept this certificate permanently' option and click 'OK' button.
